CLASS OF 1963

BEVERLY HIGH SCHOOL
BEVERLY, MASSACHUSETTS

Foreword

The community of Beverly offers to its students a wealth of opportunity. Physically the city offers fields, woods, and miles of beaches. It gives us churches, industry, cultural centers, recreational areas, and excellent shopping facilities. In turn, BEVERLY HIGH gives to the community generously of time and energy to improve that which we are so fortunate to have. We, the class of 1963, leave our school ever mindful of what has been given us, and what we owe to BEVERLY and B.H.S.

ADMINISTRATION

At Beverly High School the administrative department is completely handled by our principal, Mr. William Foley; disciplinary officer, Mr. Harland Carter; our school nurse, Mrs. Edith Carr; the cafeteria manager, Miss Dorothy McClure; the office personnel, Mrs. Louise Dube and Miss Susan Allison; and the corps of girls who act as office aids. With the combined efforts of all these people, the school operates very efficiently.

MRS. HELEN WILLMOTT, Librarian

LIBRARY

The library is one of the most important parts of our school. It is an invaluable source of material for research papers, as well as for supplementing the daily class work. The library also provides a place for relaxation with its newspapers and various exhibits during the year. Valuable assistance is provided by the director, Mrs. Helen Willmott.

GUIDANCE

From the time a student enters Beverly High School until his graduation, he has an assigned guidance counselor for help in social or academic problems. The department is headed by Mr. Frank Root. The rest of the department consists of Mrs. Ida Nicolo, a clerical worker; a group of faculty members; and student guidance aides. The guidance department is of invaluable help to students of Beverly High School.

ENGLISH

The fine English Department at Beverly High School is headed by Mr. Edward Watts. The program includes speech, grammar, literature, and composition for students in college, general, or business divisions. Members of the department also supervise the school's three publications and help with the Debating and Dramatic Clubs. The objectives of the English Department are to provide an introduction to literature and to develop in its students an ability for oral and written communication.

HISTORY DEPARTMENT

At Beverly High School the History Department is under the leadership of Mr. John Page. Courses are offered in modern history, problems of democracy, and American history. A student may also join the World Affairs Club. The goals of this department are to give the student an appreciation of his American and world heritage, and to help instill in him the qualities of a good citizen.

Order,

Bertram Leadbeater (head of department), Eleanor Brooks, Lee Jameson, David Lindsay, David Nathans, Edward Sullivan, Charles Walsh.

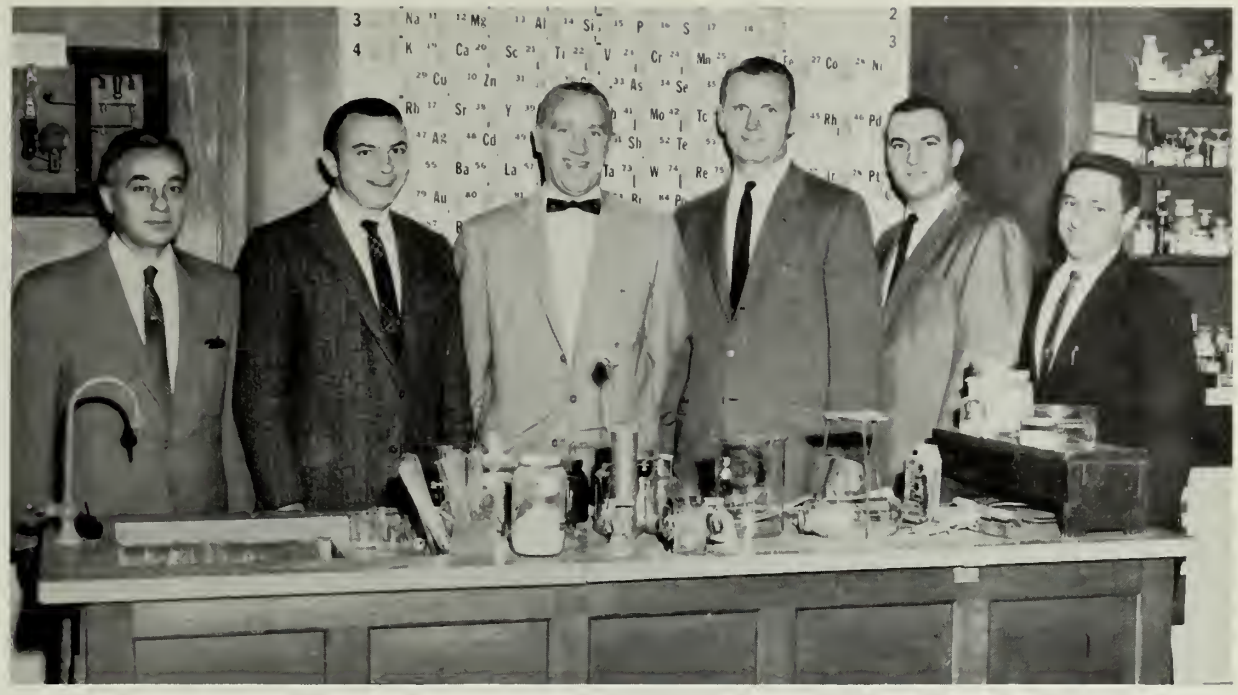

Geometry can't be that funny.

MATHEMATICS

Mr. Bertram Leadbeater heads the Mathematics Department at Beverly High School. This department ranges from general mathematics to trigonometry. To develop an interest in mathematics, and to help students develop their ability, Beverly High School has a mathematics team which competes with other mathematics teams in the North Shore area. Faculty members of the Mathematics Department conduct the Review Math, Audio-Visual Aid, and Slide Rule Clubs. In addition to helping students in their everyday mathematics classes, the Review Math Club is a definite aid to students preparing to take College Entrance Examinations. All of these aid the students in their search for mathematical knowledge.

to Understanding

Ralph Lizio, George Accomando, Richard Preston (head of department), Anton Kishon, Philip Kendrick, Paul Caradonna. Robert Micheal, absent when picture was taken.

SCIENCE

The Science Department at Beverly High school is composed of biology, chemistry, and physics. The department is headed by Mr. Richard Preston. Major emphasis in the curriculum is upon the understanding and application of major scientific principles; the development of competence in the use of the scientific method; and the development of desirable attitudes, interests, and appreciations related to science and its applications. The laboratories are well-equipped and available for students to develop these goals. The Radioactive Biology Club is part of this department.

FOREIGN LANGUAGE DEPARTMENT

Miss Eleanor Warren heads the Foreign Language Department at Beverly High School. Courses are offered in French, German, Spanish, and Latin. The department's purpose is to give the student the ability to communicate in a foreign language, both in oral and written form.

Facilities of the department include a language laboratory and a new reading room. Film strips and magazines were ordered to supplement class work.

MUSIC AND ART DEPARTMENTS

Students who enjoy music are offered vocal and instrumental instruction under the guidance of Mr. Tawa. Those interested in general art, commercial art, jewelry craft, and mechanical drawing are under the supervision of Miss Bridges and Mr. Le Blanc. In these various courses, pupils are helped to find their individual interests and to develop an appreciation for the fine arts.

This takes real concentration.

PHYSICAL EDUCATION DEPARTMENT

Physical fitness is emphasized at B.H.S. by the many opportunities offered in our athletic program, which is headed by Mr. Charles Walsh. Classes for developing physical skills in the gym, under the supervision of Miss Ann Farley and Coach George Taylor, are supplemented by many extracurricular sports and clubs. It is felt at B.H.S. that this program is important in promoting good citizenship and healthful living.

BUSINESS EDUCATION DEPARTMENT

The Beverly High School Business Department, headed by Miss Eleanor Lambertson, teaches the many skills of the business world. Typing, bookkeeping, and shorthand are taught to supplement the secretarial practice, office practice. consumer education, and advertising courses.

Mrs. Claire Ofilos, who spent her time as a student teacher here three years ago, joined the Business Department this year. In addition to their regular teaching duties, many of the teachers conduct the business departments of various clubs.

The Business Department has added to its facilities this year. A number of new typewriters, including two electric typewriters, were purchased.

DRIVER EDUCATION

The Driver Education course, although not a required course, had a capacity membership this year. The course taught the members about the various kinds of auto insurance, courtesies, rules, and laws of driving. After completing the classroom training, each member learned about the actual handling of the car. The purpose of the course was to produce better and safer motorists.

BEVERLEGA

The *Beverlega* describes the academic and social life of the school in words and pictures. The staff of the yearbook is supervised by Miss Isabel Harriman. Allyn Brodsky was the editor-in-chief this year. Headed by Pamela Tannebring, the photography committee supervised the taking of pictures. The copy committee, with Carol Mills as editor and Miss Carlana Lindstrom as faculty advisor, wrote all material for the book. Under the direction of Alexandra Baker, the layout committee planned the pages. Richard Spencer and his staff drew the illustrations. There are three business committees: typing, supervised by Miss Constance Turlo; advertising, supervised by Miss D. Rose Brancato; and subscription, supervised by Mrs. Evelyn Ricciardi. The *Beverlega* is a joint effort of these seven committees and faculty advisors, requiring many hours of planning and work.

AEGIS

The Beverly High School literary magazine, the *Aegis*, which is published four times during the school year, permits the students to express their individual thoughts and ideas. The creative writing is by the students and the staff members. Under the expert supervision of Miss Jean Donovan, members learn the techniques of editing a magazine. This year the format of the magazine has been altered. The articles, stories, and poetry have been grouped by theme, rather than by type.

CHEERLEADERS AND BATON SQUAD

Elizabeth Esty and her squad of cheerleaders were full of enthusiasm as they led the crowds in urging the Beverly High School football and basketball teams on to victory. During the football season they encountered some severe weather, but nothing could dampen their spirits. These girls also sponsor and perform at the pep rallies.

The Baton Squad contributed to entertaining the football fans at halftime shows with their fine exhibitions of twirling. They also performed at parades, marching at the front of the band. The group, led by Sheila Goggin this year, spent many hours preparing their routines, and practicing for their appearances.

DRAMATIC CLUB

The Dramatic Club, headed by Miss Hanf, was designed for students who were interested in the theater, especially acting. The members were able to obtain pertinent information from outside speakers, who were authorities on various aspects of the stage and spoke to the club several times during the year. Also, the members worked on individual projects, such as improvisations, short skits, and one-act plays. Finally, the students supported all school productions and helped prepare them.

STAGE CRAFT CLUB

The purpose of the Stage Craft Club is to provide its members with a knowledge of stage settings and a command of the stage as a whole. Mr. Doherty and Mr. Kinally were advisors for the club. Under their direction, the club set up the scenery for the various productions, such as "Kind Lady" and "Impromptu." Many of the members helped paint the scenery as well as arrange the settings. The part played by the Stage Craft Club in the presentation of Drama Night and the Senior Class Play was invaluable.

ART SERVICE CLUB

The Art Service Club, under the direction of Miss Elsea Bridges, helped the various organizations throughout the school with any needed publicity. The club spent their meetings drawing and painting posters for dances, dramatic productions, assemblies, and other functions produced by the school. These posters were a great help in drawing people to the events they advertised. Without these posters many affairs might not have been so successful.

DISTRIBUTIVE EDUCATION CLUB

This club is now a member of the Distributive Education Clubs of America, a national organization. Thus, the students who comprise this club, the Distributive Education Class, were included in the state convention in Boston. There they competed in such events as public speaking, sales demonstration, and essay writing.

The club's function was to promote better citizenship and prepare the leaders of tomorrow's business world. With the dues that the group paid, field trips, a dance, and a dinner were held. At the end of the year the club sponsored an award to the outstanding pupil in the class.

BUSINESS EDUCATION SERVICE CLUB

The Business Education Club, under the direction of Miss Eleanor Lambertson, was formed in order to help students learn more about the business world, and to provide clerical help for the Beverly High School office and any teacher who requests it. Guest speakers, films, and field trips also contributed to the members' knowledge.

This year there were a number of boys in the club for the first time. The boys spent most of their club meetings learning how to operate the many business machines.

RADIATION BIOLOGY CLUB

The Radiation Biology Club was new this year. It was designed to give interested students information on a new and upcoming phase of biology called radiation biology. Mr. Kendrick, the instructor, took a special summer course so that he could qualify to teach the class and also qualify to receive the necessary equipment from the Yankee Division of the Atomic Energy Commission.

The first part of the course was devoted to learning the use of the machines and learning about the theory behind the subject. After the members thoroughly understood the fundamentals and procedures, they performed experiments on plants. Such substances as radioactive iodine were used to study various elements about plant life and even plant mutations. The club gave students who were planning a career in biology a chance to learn about the newest phase of biology.

PHYSICS READING CLUB

This year the Physics Reading Club was conducted on a more informal basis than in previous years. The members read books from the Science Study Series which were written by members of the Physical Science Study Committee. The books were read during the week and then discussed in class. Correlated experiments were performed several times during the course of the year. The club was led by Mr. Kishon, who is the school's physics teacher. The Physics Reading Club gave individual students the opportunity to further pursue their scientific interests.

SLIDE RULE AND REVIEW MATH CLUBS

In addition to having a full schedule of mathematics courses available, the high school also had two extracurricular math clubs. These provided interested students with more information on math and useful knowledge concerning the solutions of different types of math problems. The Slide Rule Club, headed by Mr. Nathans, instructed students in the use of a slide rule so that they could perform several operations of math with greater efficiency.

The Review Math Club, headed by Mr. Leadbeater, had a dual purpose in that it helped students prepare for college and college boards. Also the students studied various complicated math problems and tricks involving mathematics. Both of these clubs offered students more knowledge and fun in the world of mathematics.

CHESS CLUB

The Chess Club, which provided stimulating activity for interested students, was under the direction of Mr. William Jenkins this year. For beginners Mr. Jenkins tried to create an encouraging atmosphere. After gaining a basic knowledge of chess, the members then proceeded to challenging matches of skill. If the players did not finish their games during the activity period, they could come back after school. In the Chess Club students spent their time in concentrated thought and thereby gained experience in thinking rationally while enjoying the manner in which they were learning.

THE WORLD AFFAIRS CLUB

The World Affairs Club, under the direction of Mr. Hammond, was organized to promote a deeper understanding of the world in which we live. Aided by group discussions, guest speakers, and film strips, the club members have achieved a greater insight of the world situation and current events.

The guest speakers have included Miss Anna Lisa, an exchange student from Finland attending Gordon College, and Mrs. Helen Wilmott, Beverly High School librarian, who showed pictures of her European trip.

Other programs scheduled for future meetings include talks on Africa and Canada, and films of the United Nations, NATO, and Latin America.

ACADEMIC AWARDS

Continuing a policy started a few years ago, Beverly High School again honored its students of high scholastic achievements. They were awarded a charcoal gray blazer with the school seal, in orange, sewn onto the pocket. To be eligible for this recognition, the students had to attain an average of 3.6 or better. This average was calculated from the quarterly grades, with an "A" representing 4 points, a "B" 3, a "C" 2, and a "D" 1.

DEBATING CLUB

The Debating Club, open to any interested students, offered an opportunity for its members to learn how to express themselves in front of a group. Informal discussions were held, a textbook was studied, and chances to participate in a formal debate were offered. First of all, the members who entered the club were introduced to the fundamental techniques followed in a debate. After this, they were given an opportunity to use their knowledge in informal debates with other members of the club.

Those students who wished to further their experience participated in try-outs which were held for the purpose of selecting a debating team. The team, in turn, traveled to different schools, participating in formal debates on the topic of reciprocal free trade. Under the capable supervision of Miss Trowt, the Debating Club spent an interesting and profitable year developing a fine skill which will always be helpful.

FUTURE TEACHERS OF AMERICA

The Future Teachers of America, under the guidance of Mr. Emery Hollerer, is a national organization encouraging student interest in the teaching profession. This year the club consisted of senior students who displayed an interest in teaching after college graduation.

The club provided a chance for its members to learn more fully the problems and responsibilities of a teacher. Through the use of visual aids, discussions, guest speakers and practice teaching sessions, each member became more familiar with the teaching profession.

EQUESTRIAN CLUB

Under the direction of Mr. Emery Hollerer, the Equestrian Club has been formed in order to teach any interested students the various aspects of horsemanship and horses. At their meetings, the members discussed how to feed and take care of a horse and various techniques of good riding.

At the beginning of the year, a horse was brought to the field behind the high school, and was observed by the members of the club. Outside speakers attended some of the meetings and the students saw various films about horses. Several field trips and riding trips were organized during the warm spring weather.

SKINDIVING CLUB

The skin diving club has been newly formed this year under the direction of Mrs. Lila Hennessey. The club was organized in order to provide instruction for those students who wished to learn about diving, and to promote diving safety among new and old divers alike.

During the club's morning meetings, the members discussed many diving rules and techniques, and one afternoon a month the club met to hear speakers or to watch films. The club members also went to a diving expedition in the spring.

FRENCH AND GERMAN CLUBS

The French Club, under the direction of Miss Warren, was open to any French student who has completed one year in a French course. The members enjoyed films, books, skits, and many other activities that acquaint the student with the French way of life. Meeting the first and third Thursday of every month, the students increased their knowledge of the French people—their language, background, customs, and literature.

Another group which was eager to learn about a foreign country was the German Club. The members met every Monday afternoon to learn about Germany and its people. They listened to tapes that helped to make life in Germany more vivid. By bringing the German language alive, this organization helped to make the students' classwork more interesting and enjoyable. Mrs. Hennessey provided invaluable assistance as the director of this club.

BOYS' ATHLETIC CLUB

This year Mr. Accomando served as the new advisor to the Boys' Athletic Club, open only to sophomores interested in sports. The club's purpose was to provide the members with additional facts surrounding the world of athletic events. This aim was accomplished in several ways. The boys themselves prepared speeches on the history of various sports and group discussions followed. In addition, the members of the club frequently viewed films and listened to guest speakers. Lastly, the club as a group attended several different sporting events in the area.

FOOTBALL

This year, as in past, Beverly High had an excellent football team. The team, which was rated high at the start of the season, lived up to all expectations and predictions by easily defeating several teams. Beverly was called one of the "powerhouses" of the North Shore. The team proved its ability by winning eight out of nine games. One loss was suffered in a close game with Brookline that ended 22-20. The team did, however, come in second in the State Class A Championships. The boys finished up the season by overcoming Salem 46-0, thus closing a very successful season.

CO-CAPTAINS: D. Manuel and D. Smith

CO-CAPTAINS

This year our two co-captains were Dave Manuel and Danny Smith. Both of these players were on the offensive and defensive starting line-ups and saw a lot of action during the nine-game schedule. Dave was the quarterback this season who led the team on to eight victories. Since he can run, kick, and pass expertly, he is always a big threat to the opposing team. On defense he was perfect; he broke up many pass patterns and intercepted several passes. Danny was the right guard on the offensive squad and the middle linebacker on the defensive unit. He did a good job in both positions by blocking and tackling effectively. It was largely through the efforts of these boys that we had such a fine record.

BOYS' BASKETBALL

For the first time in the history of Beverly High School the boys' basketball team had an undefeated season. Under the expert coaching of Mr. George Taylor, the team made some impressive scores and ended the season with a perfect record of eighteen wins and no losses. Much credit goes to Coach Taylor, Captain Stephen Austin, and the boys themselves.

This year was the third consecutive year that our team has won the Essex County League Championship. Also, this year was the fifth time in six years that the basketball team qualified for the Eastern Massachusetts Tech Tourney, held at the Boston Gardens.

The B.H.S. Hockey Team skated to its most successful season in many years. By winning seven games, tying three, and losing only four, the team secured second place in the Essex County Division of the North Shore Hockey League.

This year's team was also the first Beverly team to reach the playoffs for the North Shore title. Although they were beaten, they put forth an excellent showing for Beverly High.

The team, which was composed of members from all three classes was co-captained by Dana Johnson, Kevin Rich, and John Hendrickson. George Kinnaly, the new coach, seemed to be just what the boys needed to spur them on to a successful season.

In September of 1961, we the junior class entered Beverly High School as typical sophomores. Our mixed feelings of fear and anticipation during the trying days of introduction diminished as we became familiar with the spirit and traditions of the high school. As did other classes, we too experienced the bewilderment caused by uncooperative lockers, the confusion of one-way staircases and the tiresome formality of library and pass slips.

SOPHOMORES

As we prepare to assume the responsibilities of upperclassmen, the Sophomore Class of 1962-63 will retain memories of a rewarding year. After a cautious, but courageous beginning, Sophomore Orientation rendered assistance with the unfamiliar rules and regulations. We rapidly adapted ourselves to the new surroundings and emerged victorious. Scholastic achievements and extracurricular activities—Drama Night, concerts, victory dances and sports—portrayed our enthusiastic school spirit. We have been guided and inspired by a competent faculty, but for us, it is only the beginning, as we strive to attain the goals and ideals of the future.

SUMMER SUPPLEMENT

1963

— *Class Song* —

The years have flown and we have come to face the world of man.
Its challenge loud and ringing clear is taken through the land.
Success will come and steep us well, and happiness will stay;
For we have found the key to Life, the will to make the way.

Here in these rooms we've sought to gain a knowledge which we'll take
Into the world where'er we go and of it use to make.
Success will come and steep us well, and happiness will stay;
For we have found the key to Life, the will to make the way.

Though now we leave a final time these halls for far and near,
We'll carry with us as we go our Alma Mater dear.
Success will come and steep us well, and happiness will stay;
For we have found the key to Life, the will to make the way.

Bartlett, M. Ryan, A. Gaynor, B. Butterworth, F. Gagnon, R. Wallace, P. Ottley, B. Shepard, J. Doherty (coach).

BASEBALL

This year the baseball team had a new coach, Mr. Doherty. Under his leadership the team was able to attain a successful record. Although the team won no championships, it compiled a record of eleven wins and five losses. David Weaver, the captain of this year's team, also took part in sparking his team on to many victories.

TRACK

Coach William Jenkins, assistant coach Fred Hammond and captain Peter Zeitzoff helped to make this season a very successful one for the outdoor track team. The team attained an undefeated record and many of its members set records in their particular events. Beverly High thanks them for the honors they have brought to the school. Our track team is the championship team of Essex County and placed fourth in the state meet. Its relay team won the Belmont Relay this year.

TENNIS

A quick return saves the day.

Although the tennis team did not have a winning season, this year, Mr. Dunn's first as tennis coach, was a foundation for future winning seasons. Besides gaining valuable experience for himself, coach Dunn has lined up fourteen future Beverly High students. Also, a number of experienced juniors and sophomores will be returning next year.

MR. CHARLES WALSH

THE INDISPENSABLES

Some of the most important people at Beverly High School work behind the scenes. Coach Walsh is hardly ever seen in the assembly hall awarding his teams various honors. He is not thanked by applause from the student body for his efforts. However, as head of the athletic department, Mr. Walsh motivates and directs the entire athletic program at Beverly High.

The maintenance workers are also indispensable to Beverly High. They too are not seen on the stage at awards assemblies. We would like to thank them now for the work they accomplished to make our school clean and respectable.

SENIOR PICNIC

The senior class was forced to decide whether to have their picnic on a cloudy day with a forecast of rain or the following day with a prediction of rain ending in the afternoon. The class chose the first day. In the afternoon the rains came. However the senior class smiled through the downpour and cold and had the will to make a good time in spite of the weather.

Let's forget the weather.

Have you seen bus number seven?

Let it rain!

It's Senior Week!

The Picnic, The Parties,

SENIOR DANCE

When everyone was warm and dry, the informal dance was held in Rudkin Gym. Manuel's Black and White Orchestra played and the class ate the left-over food from the picnic. Everyone discussed the day's events and enjoyed the fellowship of his classmates. All left asking why the seniors had not held previous dances to get acquainted.

THE AWARDS ASSEMBLY

Mr. Foley accepts the gifts from the Class of 1963.

At the Beverly High School Senior Assembly this year many awards were presented to deserving students. A few of the awards were the Bausch & Lomb Chemistry Award, to Earl Allison; the American Legion School Award, to Alexandra Baker and Stephen Austin; the Woodworking Award, to Robert Rhoades; the Aegis Literary Award, to Allyn Brodsky; the Beverly College Club Book Award to Charlotte Frost; the Dartmouth Bowl, to Peter Zeitzoff; the Harvard Book Prize, to David Vitale; the Metalworking Award, to Paul D'Entremont; and the Sports Club Award, to Richard Young.

The Senior Class presented to the school a moveable-letter bulletin board and a two-hundred dollar contribution to the Beverly High School Alumni Association Scholarship Fund.

RECEPTION

The reception in honor of the Class of 1963 was held in the Rudkin Gymnasium on June 14, 1963. Teachers and parents were present to congratulate the graduates and wish them success and happiness for the future. Manuel's Black and White Orchestra provided the music as the graduates were led in the grand march by their class officers. The graduates sang the school song for the last time together and followed it by "Auld Lang Syne!"

Parents and teachers congratulate the graduates.

"Oh how we danced!"

Mr. Leadbeater touched most of our lives in one way or another. However, most of us did not know of the many phases of his life. After graduation from Beverly High School as an honor student and from Tufts College as a member of the Phi Beta Kappa Honor Society, Bertram Leadbeater returned to Beverly High School to teach. Students knew him as an algebra and advanced math teacher, guidance counselor, and head of the mathematics department. Mr. Leadbeater was the kind of teacher who made his subject comprehensible and gave understanding to pupils who needed to be understood. In addition to his school activities, Mr. Leadbeater had many outside interests. We all knew of his work in photography from the films shown at assemblies and from his presence at sporting events, making movies that captured the spirit of his students in competition. Some of us knew him through his church work, and many of the boys knew him as their scoutmaster. Most of us knew Mr. Leadbeater, and all who knew him loved and respected him for his example of a good, kind, and sincere person and for his intelligence and understanding in the classroom. We will never forget our friend, Mr. Leadbeater.
